

KLove Radio stations provide me with daily uplifting music in a hustle & bustle world. I have supported this radio station financially for the last two years & it is the only one I do support, as it's that important to me. If my local KLove station went away, so would the encouraging songs, the listener support/prayer lines, and community event updates that many depend on. By having KLove on the radio, the public is given a choice of who they can listen too plus they receive lots of local community information. Please do not sell out our KLove stations for this new LPFM option.

Sincerely,  
Heather Heibeck  
Advid Sacramento KLove listener
